“Our bathroom concepts are part of our customers lifestyle and give them an energising experience”

Lammert Moerman, founder of JEE-O

JEE-O we energise

JEE-O is refreshing and ambitious, exclusive and extrovert, tough and bold. All product lines are characterised by robust and powerful design, always distinctive in its simplicity. A look that speaks for itself, JEE-O represents a personal, conscious choice in the modern interpretation of free time. Responding to an increasing need for self-development and more than distinctive in design. Pure aesthetic enjoyment ... let us energise you!

Creative brain behind JEE-O, concept and product designer Lammert Moerman, only has one wish. To enable the world to feel the JEE-O DNA. Introduce bon vivants worldwide to the ultimate JEE-O feeling and let them discover the experience of showering and bathing in endless atmospheres. JEE-O creates products with tranquillity, peace and space for body and mind, always in an ambiance of functional luxury.

Benefits stainless steel

Solid stainless steel

The full stainless steel body provides superb durability also the build-in parts, high mechanical strength and resistance to thermal shock and corrosion.

Hygienic and safe

Stainless steel is the safe choice. Use the products worry free, because there is no unwanted release of substances in the water..

Everlasting

Stainless steel is everlasting and if needed re-usable. It is the more sustainable choice. Even more so, when combined with our 'cold-start' progressive mixers and flow reducers.

Selected high quality components

The best components are selected to excel. Engineered and tested against international criteria and standards, for a trustworthy performance.

Synergies within collections

Complete series offering a broad range of choice from shower and faucet to bath, basin and accessories. All designed to match and make a true design statement.

Unique design

Outspoken freestanding items, that give you freedom to design fitting to your needs. Feel energised by your choice of interior design and when experiencing the wellness the products bring.

Easy care - easy repair

Made from strong material and with high grade finishes. This product is easy to clean and maintain.

Quality assurance

Seven years warranty on our taps and showers guarantee against production defects. It is the standard, not just an option.

Benefits DADOquartz

Exceptionally strong

Full-bodied, 100% solid structure. Engineered and tested in accordance with stringent technical criteria.

100% UV resistant

Natural matt stone appearance and extreme UV resistant, your bath will retain its colour.

Lightweight material

Due to the material all DADOquartz products are lightweight.

Soft warm touch

Due to its high heat retention properties, your bath will heat up quickly and remain warm.

Clean-Hygienic

Non-porous material ensures an easy to clean surface, hypo-allergenic and resistant to micro-organisms and bacterial growth.

Unique design

Unique products that give freedom of design and fit perfectly within the JEE-O collection.

Easy installation

Easy to install with space underneath the bath for plumbing.

Easy care - Easy repair

Hand finished to ensure a smooth, luxurious look which is easy to clean. Small damages are easy to repair.

Quality-Assurance

A 25 year lifetime warranty on defects in materials or craftsmanship.

“Good indoor spaces should have the same ambience as our natural surroundings and provide peace and quiet”

Osiris Hertman

✓ Sturdy and playful

✓ Refined finish

✓ Unique details

Osiris Hertman, designer of the JEE-O cone series always seeks craftsmanship in his designs. He believes that, while we should be careful in our use of water, we can still enjoy it. Our bathrooms are gradually becoming places of relaxation, often with seats, music, plants, and if there is enough space, saunas, fireplaces and pretty views. They are now spaces to be enjoyed and to recharge so we can deal with a world that is much busier and more demanding than ever before. The conical shape, the basis for this series, can be found in the smallest details. The handles are modelled on safe doors – after all, water is a precious commodity. At the same time, the designs bring allure to your home.

SERIES BY GRAND & JOHNSON

“Perfection is when there
is no redundancy”

Grand & Johnson

- ✓ Industrial design
- ✓ Matching accessories
- ✓ RedDot Award and German Design Award*

SoHo is a vibrant neighborhood in cosmopolitan New York. A dynamic melting pot of cultures and styles, and home to countless industrial loft apartments, SoHo is austere and stark. This freestanding productline is characterized by the same simplicity. Less is more. Thanks to the one-move cartridge in the faucet mechanism, the cleverly designed handle with a tactile rubber coating can be operated in the same way as a joystick. The JEE-O soho series is the first productline to result from the alliance between JEE-O and the Amsterdam-based design studio Grand & Johnson: creative cosmopolitans working together to shape maximal minimalism.

SERIES BY LAMMERT MOERMAN

“With our freestanding icons we wish to give people freedom to design the bathroom they desire for an energizing experience”

Lammert Moerman

- ✓ Iconic design
- ✓ Trademark ring
- ✓ Seen at Rituals Cosmetics

The pure series is the embodiment of the natural energizing experience of flowing water. As the water cascades down from the spout, light is reflected in the water flow. Radiating the purest feeling that water can give. The pure series has a clean design with an O-ring to regulate both the water flow and the temperature.

This beautiful JEE-O pure series is designed by Lammert Moerman and consists of a freestanding shower, wall and top mounted faucets and a freestanding and wall mounted bath mixer.

SERIES BY BRIAN SIRONI

“We rarely see the pipes; they are hidden away behind walls and under floors”

Brian Sironi

- ✓ Minimalistic design
- ✓ Matching mirrors
- ✓ Timeless

Water takes on the shape of the object that contains it. That concept has been the starting point for Italian designer Brian Sironi in designing the JEE-O flow series. Up until the moment water flows from the faucet and is free to take on any shape, it has the shape of the pipes through which it flows.

Brian Sironi: “We rarely see the pipes; they are hidden away behind walls and under floors. These taps and mixers from the flow series reveal the piping, extending it into the bathroom.”

bloom
SERIES BY EDWARD VAN VLIET

“It is important to have a bathroom
where everything is coordinated”

Edward van Vliet

Designer Edward van Vliet

Inspired by nature

Unique design

Van Vliet's love of nature and geometrical shapes is reflected in the smooth transition from facet to round shapes in the design of the baths and basins, and in the hexagonal-shaped faucet heads and handles. A sunflower served as inspiration for the shower head.

The timeless bloom collection includes all the elements for optimum bathroom enjoyment: a bath, top mounted and freestanding basins, a ceiling shower and wall shower, and accessories. Designed with care and vision, they are all eye-catchers with international allure to suit any bathroom.

original
SERIES

- ✓ Minimalistic design
- ✓ Indoors and outdoors
- ✓ Solid stainless steel

The story of JEE-O begins with this first model: the original shower 01. This iconic design has an O-shape handle. Flow of water, hot or cold; due to this ring everything can be regulated with just one hand. As can be seen in the design the letters J and an O are together JEE-O.

Available in brushed stainless steel.

JEE-O works with carefully selected solid surface materials. Slight variations in the aesthetic appearance of the product including the colour, may occur after exposure to atmospheric influences such as sunlight, pollution or harmful chemicals. This does not affect the product performance in any manner. Situation specific care and maintenance instructions may apply.

For our general cleaning and maintenance recommendations, visit our website www.jee-o.com
